## The Mavs - Slightly Smutty EP [AP08]

Released 4th December

UK/US label 12 Apostles looks set to continue its run of innovative debuts with a number 1-in-waiting from 'Chatham's smuttiest grime peddlers' **The Mavs**. Already getting airplay and great reactions on national Czech radio, The Mavs' **Slightly Smutty EP** comes hot on the heels of highly acclaimed releases by **Girl Talk** who is currently touring with Beck, **Olo** who made it to number 7 in last year's BBC Radio 1 Festive 50 and **Dsico** whose 'Smells Like Teen Electro' was licenced to Universal.

The sound of the suburbs for the happy-slapped generation, **The Mavs** come on strong like a blast of Pulp meets the Beastie Boys. Spitting lyrics and whipping beats quicker than a magistrate handing out ASBOs, The Mavs are on a mission to chronicle their life and times in Blair's Fool Britannia with a Jarvis-esque eye for detail.

The **Slightly Smutty EP** serves up four slices of life straight from the heart of Medway. Taking on all-comers with a swagger in their step and a razor sharp wit The Mavs have got more hooks than a fishing tackle shop and can lay down dynamite lines quicker than Pete Doherty getting ready for a crafty snort.

### Meet The Mavs:

**Big Tells**, The Enforcer with smutty lyrics  
**Cobes**, The General - Grime emcee with a difference  
**Doobs**, The Brains - Show me a better lyricist  
**Dez Astaire**, The Godfather - Voice of an angel... on crack  
**Matt Ten**, The Phantom - Producer extraordinaire  
**Tom Guns**, The Music - Can play any instrument, even a piano

True to their roots the boys have been regularly airing their songs of suburban slackness to rave reviews in Chatham, Maidstone, Canterbury and London over the past couple of years, and are currently building up a solid live reputation and an enthusiastic fan base.
